

NovaShop Customer Support Policy

Customer support is available Monday through Friday from 8:00 AM to 6:00 PM local time.

Customers can contact support by email, live chat, or the support portal on the NovaShop website.

Priority is assigned to cases involving damaged deliveries, missing items, and payment issues before all other cases.

Most support requests receive an initial response within 1 business day. Escalation to a specialist may occur.

If the issue cannot be resolved by support, the case may be escalated to the returns or quality team.
